### GEORGETOWN RD. PLANS ARE BEING PUSHED

Salem Requests Receiving Consideration, Commissioners Advise

### GRADE CROSSING WORK IS ASSURED

Salem Men Also Are Told Of Plan for Widening Salem-Lisbon Rd.

Columbiana county commissioners are giving full consideration to Salem's requests in plans being worked out for the improvement of a highway that will connect Salem and North Georgetown.

That is the impression gained by delegation of Salem men following a conference with the commissioners at Lisbon Monday. The Salem men went to Lisbon to make a plea for the paving of the diagonal road extending southwest from the city's western corporation limits and connecting with the concrete pavement at Valley which opens up the territory to North Georgetown.

No Plea Necessary  
Little effort on the part of the Salem delegation was necessary. They learned at once that the commissioners, while having given consideration to another road leading from Valley to the Salem-Hanover road, had practically decided that the diagonal road, known in Salem as the North Georgetown road, is the most logical route to meet the needs of Salem.

This road, included in the three-year bond issue program will be improved this year. Delay has been occasioned by a controversy between property owners along the two roads and by a desire of the commissioners to make a thorough survey.

At the conference Monday the Salem men were advised that the elimination of the grade crossing over the Pennsylvania and Y. & O. railroad tracks on the Salem-Lisbon road was entirely in the hands of the state highway department. The commissioners have done their best to share in appropriation of funds for constructing an overhead bridge, but they have been advised that the state will proceed with the work.

### Overhead Bridge Assured

Some concern had been felt in Salem recently lest the failure of the Y. & O. company to meet its share of the cost might hold up the project unless other means to finance that share be found. The commissioners assured the Salem men Monday that this situation would not delay construction work. The assessment will be placed against the Y. & O. company when the work is done and methods of collecting that assessment will be worked out later.

Another pleasing bit of news imparted to the Salem delegation by the commissioners was the fact that the state had determined to widen the brick section of the Salem-Lisbon road this year. This improvement is placed at the head of the state's program for the year. Columbiana county now has 184 miles of improved state highways.

### Salem Resident Is Fined On Charges

Joe Bush, Salem, pleaded guilty to charges of destruction of property and resisting an officer, before Mayor Phil G. Hiddleson, Monday afternoon and was fined \$10 and costs on each charge.

Bush was arrested Sunday afternoon by Patrolman Ralph Stoffer on Depot st. near the Salem Lunch, where he is said to have been creating a disturbance. He is reported by police to have broken a plate glass window of the restaurant, and resisted Officer Stoffer when he attempted to place him under arrest.

### Salem Man Denies Assault Charges

J. K. Sterling, 96 Lincoln ave., entered a plea of not guilty before Mayor Phil G. Hiddleson, Monday afternoon, to a charge of assault and battery, preferred by Roy W. Harris, of Salem.

Sterling is charged in an affidavit, filed by Harris, with striking him, following an accident on Lincoln ave., Sunday afternoon, when machines driven by the two men collided.

### Millionaire Scrubs

New York, Jan. 22.—Dewey Auerbach, millionaire scion, of the Auerbach candy manufacturers, was scrubbing floors in the tombs today, the first day of a two-day sentence. A bad case of "automobile speeditis" was responsible. Twelve others were jailed in addition to fines.

### Ends 16,000-Mile Solo Flight

WITHOUT a single untoward incident was the 16,000-mile solo flight of Lady Bailey, famous English woman pilot, from London to the tip of South Africa and return. She's shown getting out of her single-seater Moth plane at Villacoublay, France, on the homeward journey.

### REPORT DEATHS WHEN CAR-BUS CRASH IN OHIO

Meager Reports State 8 or 10 Are Dead; Many Injured

#### BULLETIN

Bellevue, O., Jan. 22.—At least eight or ten persons were reported killed this afternoon when a Greyhound motor bus was struck by a Lakeshore Electric car about two miles east of here.

First reports were meager and officials at Bellevue hospital refused to report, saying they were "swamped." A score or more were understood to have been injured.

According to first reports all police and available ambulances were rushed to the scene and it was impossible to get definite information immediately after the crash. Asked how many were dead, a nurse at Bellevue hospital replied: "I haven't any idea and I haven't time to count them."

The bus, said to have been bound for Pittsburgh, left here about 1:10 o'clock. The traction car, after leaving Newark, was bound for Toledo.

All of those killed were reported to have been passengers on the bus.

### FARMERS ENTER MILK BUSINESS

Will Retail Product In Cleveland On New Cooperative Basis

Cleveland, Jan. 22.—The Cleveland milk industry was in a turmoil today over the announcement that the Ohio Farmers Cooperating Milk Association would actively enter the retail milk business here within a month.

The association was incorporated in Columbus yesterday. The incorporation papers stated the association planned to distribute milk to homes, operate its own creameries and wagons and establish its own routes.

J. J. Prindle, president of the association, declared 4,400 dairy farmers of Northwestern Ohio have \$65,000,000 invested in supplying Cleveland with 65 per cent of its milk consumption and that from now on they are going on the profitable end of the industry, based on their production.

According to plans the association will be the largest milk distributor in Cleveland.

### Ohio City to Have Gift From Germany

Berlin, Jan. 22.—The German government will present to the city of Cleveland, a copy of Tschubert's portrait of Gotthold Ephraim Lessing on the 200th anniversary of Lessing's birth, it was announced today. Lessing was a noted German poet, critic and writer of prose.

### Shot To Death

Chicago, Jan. 22.—Oscar Monroe, negro, seized in one of the "clean-up" raids here Saturday night, ran amuck today in the Central police station as he was being led to a courtroom, slashed three policemen and was then shot to death.

R. C. McCulloch Selected; Expect Senate To Confirm

### WHISKY BILL IS PROPOSED BY SIMS

Grade Crossings Mentioned During Night Session 13 Bills In Senate

Columbus, Jan. 22.—The Ohio senate this afternoon is expected to confirm Gov. Myers Y. Cooper's appointment of former Congressman Roscoe C. McCulloch, Canton, Republican, as a member of the state utilities commission. McCulloch's name was sent to the senate by the governor last night.

If the appointment is confirmed, McCulloch will succeed Frank Mauler, Chillicothe, Republican, for the term ending in February, 1933. Mauler's term expired in February, 1927, but he continued in office because of the failure of the senate two years ago to confirm former Gov. Vance's appointment of a successor.

Senate leaders predicted that McCulloch's appointment will be confirmed without opposition.

Amendment of Ohio's dry laws so as to permit physicians to prescribe a pint of whiskey to their patients every 10 days is proposed in a bill, offered by Rep. O. L. Sims, Fairfield county, Democrat, which is pending in the house today. The law now limits such prescriptions to a half pint. If the amendment passes, the state law will conform to the provision of the federal prohibition laws which authorizes pint prescriptions.

#### Rules Suspended

Suspending its rules, the senate gave two readings to an emergency bill, by Sen. G. M. Kuntler, Lewisburg, providing for the appropriation of \$6,000,000 for constructing and reconstructing market and intercounty highways and abolishing railway grade crossings during the first half of this year. The bill then sent to the senate finance committee, may pass the senate this afternoon.

After introducing 13 new bills in the senate and 23 in the house, both legislative branches last night recessed until 1:30 o'clock this afternoon. With the sessions entering upon their third week, 158 bills have been introduced this session, 65 in the senate and 93 in the house.

Concurring in the action of the senate, the house adopted the joint resolution, introduced by Sen. N. P. (Continued on Page 4)

### CONVICT KILLED IN GUN BATTLE

Three Officers Wounded And Another Prisoner Hurt In Fight

Los Angeles, Cal., Jan. 22.—One convict was dead here today, another was wounded and three officers were also suffering from wounds as the result of a desperate jail break attempt.

The battle occurred while officers were taking Jack Hawkins and Eke Heyes from the courtroom to jail. Both were serving life sentences at Folsom prison and were brought here to testify before the grand jury concerning police graft and to stand trial for attempted murder.

When the elevator was between the ninth and tenth floor, Hawkins suddenly pulled a gun and shot Deputy Sheriff A. R. Jones in the neck and the abdomen. Reclining on the floor of the elevator, Jones pumped lead into Hawkins until the convict was dead. Heyes, who jumped to the aid of Hawkins, was shot in the arm. Robert Pope, elevator operator, was wounded in the neck, and Deputy Sheriff Tom Higgins was slightly wounded.

In 1926, Hawkins shot his way to liberty from a St. Louis jail, wounding a guard as he made a successful dash for liberty. Heyes was Hawkins' partner in this escape.

### County Route Map To Be Issued Soon

Lisbon, Jan. 22.—A new road map of Columbiana county is now being worked up by County Surveyor Lloyd C. Kirk which will designate all improved highways in the county as completed Jan. 1. It has been the custom of this office to issue annually such a map, and it has been in heavy request ever since the first issue.

The new map will show the recently opened Lisbon-Salineville road, also the new Clarkson highway, together with the new East Liverpool-Youngstown road and a portion of the East Palestine-East Liverpool road, as finished to the Middleton-St. Clair township line.

### Vessels At Sea Flash SOS

New York, Jan. 22.—S. O. S. flashes picked up by radio here today indicated that several vessels are in distress in the storm-tossed waters of the Atlantic some 600 to 800 miles northeast of New York.

Shortly before noon local broadcasting stations were called when an S. O. S. came in from the Italian freighter Florida which reported that her rudder was damaged and she needed assistance. Her position was given as approximately 600 miles northeast of this port.

At about the same time an S. O. S. came from a steamer whose name was caught two ways—Bannedake and Bannebridge.

### DRY RANKS ARE SPLIT WIDE ON FUND INCREASE

Measure Made in Effort To Bring Peace Arouses Active Battle

### LEADERS' IDEAS DIFFER GREATLY

Mellon Draws Censure for Statements Regarding Appropriation

Washington, Jan. 22.—A senate amendment which its sponsor believed would command unified support of prohibitionists has split the organized dry ranks wide open.

Senator Harris (D) of Georgia, little thought when he offered a \$24,000,000 increase for prohibition enforcement that the proposal would precipitate one of the sharpest rowdies among the drys since the early days of the temperance movement. But it has done that. The ramifications may extend deeper.

The fight has centered chiefly in the country's two most militant prohibition organizations—the Anti-Saloon League and the prohibition board of the Methodist Episcopal church.

Shortly after Harris introduced the amendment, Secretary of Treasury Mellon came out strongly against the increase, saying the federal prohibition unit couldn't use the money to advantage at this time, chiefly because the courts are now so clogged they can't handle the present cases arising under the dry law. He proposed that a survey be made to determine the unit's exact needs and suggested the department of justice might well use an increase to speed up prosecutions.

#### Draws Censure

He drew a sharp censure from Bishop James Cannon, Jr., of Richmond, a leader in the fight against Al Smith in the south. Bishop Thomas Nicholson, president of the Anti-Saloon League, and E. L. (Continued on Page 4)

### Court's Injunction May Have Effect On Entire State

Columbus, Jan. 22.—A decision, which, it is expected will have a state wide effect, was handed down in federal court here today, when an injunction was granted to three Columbus National banks, restraining the Franklin treasurer from collecting taxes due on their capital stock for 1928. The amount of the taxes was not stated.

Judge Benson W. Hough handed down the decision. The Columbus banks are the Commercial National, the Huntington National, and the Ohio National. The proceedings, it is said, have a statewide effect in view of the fact that most National banks in Ohio have been paying their taxes under protest pending the outcome of this suit. If this outcome is favorable, they will file separate action asking the return of the payments, which it is reported total millions of dollars.

### Three Die From Gas Heater; Two Saved

New York, Jan. 22.—Gas from a defective heater today caused the deaths of Rose Alpern, 17, and her brothers, Ralph 15, and Harry 9. The bodies were found in their room on the second floor of their Brooklyn home. Their parents, Samuel and Rose Alpern, are in St. Mary's hospital in a serious condition. A milkman carried Mr. and Mrs. Alpern to safety.

### Railroad Protests In Bus Application

Columbus, Jan. 22.—Protest against the application of the Midway Western company to operate a bus passenger service between East Liverpool and Toledo, was filed by the New York Central railroad before the state utilities commission here today.

### Hoover Looking Forward To Vacation And Fishing Jaunt

Great Precautions Are Taken to Assure Comfort And Safety of President - Elect; Large Contingent of Secret Service Men

Enroute with President-elect Hoover to Miami, Fla., Charleston, S. C., Jan. 22.—Herbert Hoover checked it and assay it leisurely and at will, most of his worries as president-elect today and looked forward with undisguised pleasure to a month of recreation and reflection under the tropical suns of Florida. He will have four weeks at least in which to relax and ruminate upon the multitudinous problems that confront a new chief executive.

His cabinet is about half chosen; his policies about half formulated. He has brought south with him a ton of data and memoranda compiled in the last 10 weeks, and during the next month he will examine it and assay it leisurely and at will. He plans to fish, but the fish are not going to command his entire attention. The presence of three stenographers aboard the train attests to that.

Mr. Hoover has felt a lot of quiet satisfaction in his first 24 hours out of Washington. Most of his journey has been through politically friendly territory. Republican territory—a most unusual and unprecedented experience for a Republican. Virginia, North Carolina and today, Florida all turned out crowds at the various stations to see the train go through, and give a hand where there were scheduled stops. In fact, the only Democratic territory traversed by the Hoover Atlantic Coast Line special was South Carolina and Georgia, and the train passed out of those states during the night.

### TWO SENTENCED BY JUDGE LONES

Both Draw Prison Terms In Columbus; Boy Weeps At Word

Lisbon, Jan. 22.—"In the pioneer days when horse thieves were captured they were strung up by the neck, but today the automobile has taken the place of the horse, and a new kind of penalty is exacted," declared Judge W. F. Lones when he sentenced George Spak of Ashley, Pa., to from one to 20 years in the Mansfield Reformatory for operating a motor vehicle without the consent of the owner.

Spak then broke into tears as he was sentenced. He is 19 years old and according to the story related to the court by Prosecuting Atty. John E. Baunke, he and his companions drove two cars away before caught. They drove from their home in a car owned by one of the trio, and at Pittsburgh when they encountered trouble, abandoned their car and drove away in another. At Salem there was tire trouble, and without repairing the tire, he drove into the Broadband car and drove it into Illinois, wrecking the engine.

Lawrence Bailey of St. Clair township, indicted by the January grand jury for manufacturing distilled liquor changed his plea from not guilty to that of guilty when taken before Judge Lones, and was sentenced to the Ohio penitentiary from one to three years and fined \$500 and costs. He will probably be taken to Columbus Thursday by Sheriff W. J. Barlow.

### King To Take Trip To Seashore Soon

London, Jan. 22.—Physicians attending King George have decided he should be removed to the seaside to get the advantages of sea air, it was officially announced at Buckingham palace today. The monarch continues to gain in strength although his weight has not increased with his constitutional progress.

### Influenza Bad

London, Jan. 22.—A virulent epidemic of influenza now raging in Tokyo is taking an average of 35 deaths daily, an Exchange Telegraph dispatch from the Japanese capital stated today.

### Vessels Rushing To Rescue Of Freighter

New York, Jan. 22.—Several vessels, including the Belgian Steamer Calcasieu and the British Steamer Maine, were speeding to the assistance of the British freighter Teesbridge which was reported in distress in mid-ocean, the Radio Marine Corporation stated today.

The Teesbridge sent out an S. O. S. call yesterday asking for immediate assistance and giving her position as longitude 48.36 west and latitude 41.00 north, which is about 600 miles east of Newfoundland.

### SIGNATURES ARE NEAR 300 MARK, SPONSORS SAY

Six Copies Are Available For Signing By Residents

### POLICE CHIEF IS SILENT ON ISSUE

Private Citizens Compile Document; Soon Ready For Governor

Mayor Phil G. Hiddleson and Police Chief T. W. Thompson today declined to issue any statements regarding the disclosure of the fact that petitions were being circulated in Salem churches and factories to be sent to Gov. Myers Y. Cooper as a formal request for state investigation of liquor law enforcement in Salem.

Signatures on the petitions were today reported to be rapidly increasing, and total number is said to exceed 300, according to one of the instigators of the state investigation. All copies will be held up until total signers pass the 400 mark, and then they will be forwarded to Governor Cooper, the petitioner declared.

First knowledge that Salem residents were taking this move in petitioning state investigation of law enforcement conditions in the city was disclosed Monday afternoon, when it became generally known that copies of the petition were under circulation in several factories, and that they had been presented members of at least six church congregations. At least six copies of the petition are reported in circulation today.

The petition, it was said today, was originally compiled by several private citizens. Copies were read at one church and were placed available to all members in others.

Here is the petition in full: "Hon. Myers Y. Cooper, Governor's Office, State of Ohio, Columbus, Ohio.

"Dear Sir: "We, the undersigned citizens of Salem, Ohio, respectfully petition and request an active investigation, through your office, of slack law enforcement of the Eighteenth Amendment by Salem officials, to the end that we have either more efficient service, or the removal of all officials. A complete audit of all the books of the mayor and chief of police should show if all liquor fines are collected promptly or the law enforced.

"Respectfully—"

### SPORTSMEN HAVE ANNUAL MEETING

Officers Are Selected; Program For Year Outlined

Rev. R. K. Caulk, of East Liverpool, was elected president of the Columbiana County Fish and Game Protective association, at the annual meeting of the organization held in Lisbon, Monday night.

Atty. L. B. Harris, of Salem, was elected vice-president, and D. J. Burrows, also of Salem, was chosen secretary-treasurer.

A discussion in regard to increasing the membership enrollment of the association occupied the main business of the meeting. Plans were made for a regular membership campaign, and a committee of eight men was appointed to take charge of the campaign.

Norman L. Reich, of Salem, was selected to take charge of the drive in the Salem district. The rest of the committee follows: Oliver Cope, Rogers, R. C. Miller, Columbus; R. H. Hamilton, Lisbon; J. H. Sinclair, Hanoverton; Dr. William Ward, Leetonia; Mr. McGee, Salineville, and H. S. Switzer, East Palestine.

The goal for the campaign was set at 2,000 members. The next meeting of the county board will be held the first Monday in March.

The Salem branch of the organization will hold a special meeting Monday, Jan. 28, in the Deluge Hose rooms, Main st.

## IT TAKES TIME TO LEARN

Yale university announces a four-year law course, and one realizes that the road of learning grows longer and longer. Into most fields of activity contemporary life tends to introduce an ever-increasing element of speed, but in the educational realm the opposite is true.

There was a time, and that not long ago, when the rudiments of education and a working knowledge of some of its higher aspects could be acquired in a period that seems surprisingly short in these days of extensive scholastic preparation. Even the learned professions of medicine and law were by no means the hard taskmasters they have now become. To an elementary course of study it was formerly necessary to add only a brief training of a year or two, and one became a doctor or lawyer.

But that was before a considerable portion of the youth of the land had professional ambitions. The crowding and competition that now exists in the fields requiring special training was then comparatively negligible. Professions could not then make the same demands that are possible now and still have aspirants anxious to meet them. Today successive lengthenings of the period of instruction preparatory to a professional degree may eliminate some small part of those aiming for such careers, but to many it acts merely as added incentive forward gaining a more complete grasp of the chosen subject.

This increase in the training period for a profession should not lead necessarily to the opinion that students of former times were not adequately prepared. It should be recalled that the body of learning and the material related to these subjects has been greatly increased within recent years. This is particularly true in the field of medicine. The road of learning is certainly getting longer and longer, one hopes the goal attained is equally more worth while.

## MILITANT DEMOCRACY

After the national Democratic party suffered such an overwhelming defeat as all but engulfed it last November, it is with the greatest of satisfaction one learns that throughout the country there is the feeling that this party retains the will to win—the conviction that there is a definite need for the Democratic party in national politics, and that there is an unfinished work for it to carry on.

That is the spirit which is necessary in the circumstances which now beset the Democrats. Swamped by the greatest defeat at the ballot boxes of the nation the party ever encountered, and with a deficit of a million and a half dollars in campaign expenses demanding liquidation, it takes men of purpose and determination to keep the battle fires burning. But that seems to be the case, insofar as the national Democratic party is concerned.

With Franklin D. Roosevelt, governor of New York taking a most active part in the rejuvenation of the Democratic party, ably abetted by Alfred E. Smith, the defeated presidential nominee, it is natural to expect something more than words. The country need not be surprised to learn, within a few months, of the paying off of the party's indebtedness, and the raising of a fund sufficient to carry on the party's work during the next four years.

If Governor Roosevelt is able to bring about such a situation—and we have every reason to believe he will—he will be by all odds the biggest man in his party, and this despite the physical handicap he has so valiantly overcome. There still is a lot of life in the Democratic donkey, and don't forget that. With this new and militant spirit growing, the Republicans will have to watch their step, because a party that will not pass out under the severity of a blow like that dealt the

Democrats last November is a party which will have to be reckoned with sooner or later.

## What Others Say

When the Panama canal, joining the Atlantic and Pacific oceans, was authorized and later opened in 1915, it was generally supposed that the problem of water traffic between the east and the west had been solved. But now, after 14 years of use of the Panama canal, it appears that the capacity of that canal will within a few years be reached. It becomes evident that the commerce of the world demands still another waterway between the oceans.

Before it was finally determined to construct the Panama canal there was a protracted fight in congress to provide for a canal and waterway across Central America through Nicaragua. The Nicaraguan route was the preference of many of the legislators. And now that the time is coming when another route for shipping is to be necessary, it is proposed that the United States shall again undertake this great work and run a canal through Nicaragua. Senator Edge of New Jersey, author of a resolution providing for a thorough investigation and survey of the proposed canal route through Nicaragua, has given notice he will ask for action on the measure at the present session of congress. It is not an undertaking to be lightly entered upon and it will receive serious consideration when the senate reconvenes.

The United States is in a position to go ahead with this proposed Nicaraguan canal. Its treaty rights with Nicaragua have been in existence for years. President-elect Hoover, himself an engineer, during his recent visit to Nicaragua discussed the matter at length with the president of that country. It is not unlikely that Mr. Hoover would be glad to see this great engineering project initiated during his administration. It is estimated that it will require years to be brought to a completion. The time the work will require is a matter of estimate only, although American methods of construction may shorten it appreciably.

The business passing through the Panama canal has grown by leaps and bounds. It has doubled every five years and is practically five times as great as it was during the first year of the operation of the canal. Senator Edge believes that by 1940—certainly by 1960—the capacity of the Panama canal will have been exceeded. The question naturally arises as to whether a Nicaraguan canal will not so reduce the business of the Panama canal as to make the earlier canal or both "unprofitable." But there seems no end to the increase in the commerce and travel between the west and far east and the prospect is that eventually both canal routes will be well patronized.—Washington Star Jan. 1

## The Stars Say

For Wednesday, Jan. 23.  
B. GENEVIEVE KEMBLE.

A DAY of great activity and much to do with launching new projects is foreshadowed by the pieces of the governing planets. And while there are many advantages to be reaped from new undertakings and from contracts with large corporations, yet there is some danger from precipitate moves, judgments or changes. Also, there is a sign of a menace of fraud, slander or misrepresentation through letters, writings or unguarded speech. Prudence is enjoined.

Those whose birthday it is may look for a very lively social life, ventures and important contacts, but hasty change, ill-considered agreements or documents as well as speech may precipitate danger of slander or fraud.

A child born on this day may have a keen and clever mind, but it may have an untidy tongue or be given to precipitate acts and unwise changes. Shouldst thou ask my judgment of that which hath most profit in the world, let answer take thou this: the prudent penning of a letter.—Jupiter.

# PROTECT YOUR BABY WHEN FLU THREATENS

By Royal S. Copeland, M. D.  
United States Senator From New York, Former Commissioner of Health, New York City

On the morning of the day I wrote this I visited the children's pavilion of a great hospital. I happened to run into an old friend of mine who has charge of the babies. It always does me good to meet this great doctor. He is enthusiastic over his work and devoted to the cause of humanity. Sometimes he is spoken of as "the doctor of doctors" because he is called so frequently to see patients in doctors' families.

I started to tell you of one little patient I saw in the hospital. This little youngster is only 22 months old, but my doctor friend told me the child had been through a terrible attack of pneumonia. The clinical chart showed the temperature actually reached more than 107 degrees.

DR. COPELAND

It is very rare indeed for the fever to reach any such point. I recall a patient I saw soon after the Spanish war when the temperatures went even higher than this. But that occurred in a man of naturally strong and vigorous body who could withstand such an experience.

The ailment of the baby I am talking about started with a mild attack of influenza. As a matter of fact, the danger of influenza is in the secondary involvement of the lungs. Uncomplicated influenza is not serious. But when the lungs are attacked then there is trouble.

Many a baby has become the victim of pneumonia as a result of a common cold. Babies do not resist colds as grown people do. An ailment which is of no particular importance to an adult may be serious indeed if it attacks an infant.

The respiratory disease are the most serious disturbances that babies have. They are responsible for most of the fatalities among infants.

I am telling you all this with one purpose in mind. I beg of you to guard your baby against infections of the nose and throat. What we speak of as "just a cold" may be nothing more to a grown-up, but to the baby a cold is a serious matter.

Don't forget that the common cold must be regarded as an infectious or contagious disease. It may be of so mild a type in the adult as hardly to have any effect upon another adult. But when the germs of the same cold are passed to a weak little baby there may be serious results.

Guard your infant against contact with persons who have colds. If you have a cold, take every precaution against passing it on to the baby. Bear in mind that the most secretions of the nose and throat of a person with a cold are capable of carrying the disease to the baby.

Answers to Health Queries  
M. M. Q.—I am 20 years old and have a wisdom tooth coming in abnormally. Do you think that it could be the cause of upsetting my system in any way?

## NEWS AND PROGRAMS

**BUFFALO BILL PROGRAM**  
The thrills of the days of the P. and O. Express and the grueling initiation which William F. Cody (Buffalo Bill) received when he joined his famous dispatch service will be brought to listeners of the sketch over the WEAF system Tuesday night at 7:30 o'clock.

Peter Wooley will be the guest soloist with the Orchestra during the program through a coast-to-coast network of stations associated with WJZ on Tuesday night at 10:30 o'clock. Mr. Wooley will sing "One Step to Heaven" and "Sweet Dreams." A French medley will be interspersed during the dance numbers by the orchestra. It will include "Ca, C'est Paree," "Mon Homme" and "Madelon." In addition to fox-trots, the orchestra will play "Was It Love?" in waltz tempo, and "Querida," a tango number.

Old ballads of love will be featured by the vocal group during the broadcast on Tuesday night at 8 o'clock over WJZ's system. The program opens with "My Wild Irish Rose," followed by "Some Day Somewhere," "When You and I Were Young Maggie," and "Gypsy Love Song." Andy Sannella, instrumental soloist, will play "The Lotus Flower" and "Millie." Carrie Jacobs-Bond's "Just a Wee-bit for You" will be heard as a vibraphone solo, and G-d-f-r-e-e, violinist, contributes O'Connell's "If Some One."

The first presentation of a new radio series sponsored by the Radio-Keith-Orpheum Corporation is scheduled for broadcast on Tuesday night at 11 o'clock Eastern Standard time, over WEAF's coast-to-coast network. Microphones will be utilized in New York, Boston, Philadelphia, Milwaukee and Chicago and linked with the stations. The program will be opened and closed with musical numbers from Boston by Sannella's Orchestra; Belle Baker is scheduled to entertain from the studio; Adele Vere, pianist, will be heard from Chicago; Glenn and Jenkins, negro comedians, will entertain from New York, and Nick Lucas will sing at Milwaukee.

"Evangeline," fashioned from the play based on Longfellow's classic poem, will be presented through WEAF's coast-to-coast network on Tuesday night at 9 o'clock. Rosaline Green will portray the title role, while Reginald Barlow acts as narrator, reading Longfellow's verse between the four episodes, in explanation of the intervening action. Others in the cast will include Fredrick Forrester, Richard Abbe, Ed Thompson, Jack McBryde and Marcela Shields. The musical setting will be provided by an orchestra under the direction of Nathaniel Shilkret.

"Waiting at the Church," a melodrama, will come from the stage of Hank Simmon's "Show Boat" to WABC's listeners Tuesday night at 9 o'clock.

Lee Smith, pianist, and a dance orchestra will radiate a popular program over WABC and affiliated stations at 11 o'clock Tuesday night.

### BEARDSLEY'S COW IS HIGH IN TEST

Interest Meta Oxl, a purebred Friesian cow owned by H. J. Beardsley of Canfield, has been awarded a silver medal by the American Jersey Cattle club for an excellent record in a 301-day production test. Her yield over the prescribed period was 572.33 pounds of butterfat, and 10,344 pounds of milk.

Meta Oxl began the test when four years and two months old, and made the record of two milkings a day. During the test she was with calf 232 days.

Mr. Beardsley was chosen as one of the 1928 Master Farmers of Ohio because of his success as a dairyman and farmer. He is president of the Mahoning County Jersey Cattle club, an overseer of the grange, and on the Farm Bureau executive committee.

His herd of 60 purebred Jerseys at Dean Hill farm is said to be one of the most uniform for true and production in Ohio, and for two years he has captured the highest award for production in herds of over 15 head.

### Former Resident Is Praised For Recital

Friends here of Miss Katherine Enderlin, of Albuquerque, N. M., formerly of Salem, will be interested in an item which appeared in the New Mexico State Tribune, Albuquerque, concerning a recital in which Miss Enderlin played.

"Playing a program that would have done credit to a veteran, and what is more, performing each of the difficult and varied numbers with a finish and skill that many veterans might envy, Miss Katherine Enderlin appeared Tuesday evening in her solo piano recital at Rodey hall."

"Miss Enderlin is a pupil of Mrs. Cora Ferns Pette, to whom and to Miss Enderlin special praise is due for the fine recital."

### Now Sales Manager

Salem, Jan. 22.—Phil E. Heim, former service manager for the Columbiana County Farm Bureau, and who resigned to take a similar position in Michigan, has retired from the latter office and is now associated with the Carben Limestone Co. of Youngstown as sales manager of the agricultural limestone division. Mr. Heim has removed from Michigan to Youngstown, and made his first visit to Columbiana county, Ohio, since his removal from Michigan.

## COUNTY AGENT PLANS ACTIVITY FOR NEW YEAR

### Outline of Work for Farm Bureau Is Made By Lower

Salem, Jan. 22.—County Extension Agent Floyd Lower has announced a score or more of suggestive projects that the County Farm Bureau proposes to take up during the current year. This suggestive program has been announced as follows:

Continue and enlarge 4-H club work throughout the county.

Assist in the development of a home economics program.

Carry on the nutrition program to completion.

Assist in planning better township programs and thereby obtain better township meetings.

Summarize farm accounts and enroll more young farmers in keeping accurate records.

Devote more effort to farm management.

To again teach farm accounting in the rural schools.

Complete the study of taxation.

Continue crops projects on all lines.

Again test sources of seed potatoes and teach growers potato diseases.

Hold three or four township tours for the purpose of observing practices in growing lemons and in pasture improvement.

Test varieties of corn.

Carry on an efficient spray service for county fruit growers for both large and small fruit.

Sponsor an apple grading and packing demonstration and a fruit culture and disease meeting during the current winter season.

Continue the cow testing association and study the bull situation.

Establish more demonstrations in home beautification.

Hold a few chick rearing meetings in those parts of the county not reached heretofore.

Enroll as many as possible in keeping records and a poultry tour or field meeting.

Arouse greater interest in reforestation.

Assist in the completion of bee inspection.

Cooperate with Farmers' Institutes, Granges and other rural organizations for the greater benefit of all.

Last year 22 young farmers were started in keeping farm accounts, and many were assisted in farm management problems by the Farm Bureau.

## Damage Claims Halt Work On Summitville-Kensington Route

Salem, Jan. 22.—While property owners along the North Georgetown-Westville rd. in Knox township sought no property damage should the county commissioners order the grading and surfacing of that highway, those residing on the Summitville-Kensington rd. sought between \$14,000 and \$20,000 damages.

As a result of this situation, the improvement of the Westville highway is to go through at once, while the improvement of the Summitville-Kensington rd. has been held up indefinitely. The Westville highway will be the first to be improved, according to the plans now suggested by the commissioners.

Damage claim after damage claim was filed with the commissioners Monday when there was a hearing upon the improvement of the Summitville-Kensington rd. Because of the fact that Carroll county is unable to finance the construction of the present traveled road between

these two points, and which passes through a section of East township in Knox township, the commissioners of Columbiana county have to decide upon a new route.

It is along the latter route that the unusual excessive damage claims have been filed with the board. It is estimated that under the circumstances, it is doubtful whether the Summitville-Kensington highway will be built this year.

That the commissioners were amazed at the amount the high damage claims on this road is to express the situation mildly. On no other highway in the county, where improvements have been authorized have damage claims been so excessive, and this is taken to indicate that the property owners do not want this road in Franklin township.

Improvement of the North Georgetown-Westville rd., which will pass Lake Placencia in Knox township, will be put through immediately.

been restored to her maiden name Deratha L. McBrier. This action had been pending since Oct. 25.

**Restraint Order**  
A temporary restraining order has been granted in common pleas court against the city of East Liverpool and County Treasurer Fred Grimes for the collection of two special assessments levied against the property of Sarah E. Deagle, in Shaker addition, East Liverpool. The two assessments totaling \$139.47 are claimed in the petition of the plaintiff to be in excess of the valuation of the property allowed to be taxed for such purposes.

**Verdict Returned**  
A verdict for \$750 has been returned by a jury in the case of Steve Veros, Jr. against Cora E. Linton, wherein \$10,000 damage was sought in the petition filed following an automobile accident in which the plaintiff was injured. A motion for a new trial has been overruled and a judgment on the verdict in favor of the plaintiff has been entered.

The \$2,000 damage case filed against the same defendant by Steve Veros has been settled out of court.

**Foreclosure**  
Foreclosure proceedings have been entered in common pleas court by the Union Savings & Loan Co. against Fred Grim and Leona Grim seeking judgment for \$755.75 claimed to be due on a note for \$650 executed Dec. 19, 1927, and now claimed to be in default. The loan was secured by mortgage on lots 3591-92 in Pleasant Heights addition, East Liverpool.

**Gross Neglect of Duty**  
Gross neglect of duty was charged in the divorce petition filed by Doratha L. Kountz against her husband Robert J. Kountz, and a decree was granted the plaintiff on this allegation. The plaintiff has

the custody of a daughter, has been awarded by the court to Ethel Hoyt, and the custody of another child to the plaintiff. An order of alimony has been entered against the defendant in favor of the plaintiff, and a division and adjustment of property rights has been determined by the court.

In the divorce action filed by Phoebe Calhoun against John Calhoun, the court has granted the defendant leave to file an answer at once. In this case the plaintiff seeks a decree, alimony and the custody of minors.

Hillis Connor has obtained a decree of divorce from L. Gray Connor on the grounds of extreme cruelty and gross neglect of duty. The original petition sought alimony only, but upon hearing in common pleas court a decree was obtained by the plaintiff. The court has restored the plaintiff to her maiden name Hillis Arbutnot.

Gross neglect of duty was charged in the divorce petition filed by Doratha L. Kountz against her husband Robert J. Kountz, and a decree was granted the plaintiff on this allegation. The plaintiff has

the custody of a daughter, has been awarded by the court to Ethel Hoyt, and the custody of another child to the plaintiff. An order of alimony has been entered against the defendant in favor of the plaintiff, and a division and adjustment of property rights has been determined by the court.

# "We know our Luckies That's how we stay slender"

EVERY woman who fears overweight finds keen interest in new-day and common-sense ways to keep a slender, fashionable figure. Overweight must be avoided. "Better to light a Lucky whenever you crave fattening sweets."

Toasting does it. Toasting develops and improves the flavor of the world's finest tobaccos. Lucky Strike satisfies the longing for things that make you fat, without interfering with a normal appetite for healthful foods. That's why Luckies are good to smoke. Toasting makes Lucky Strike the healthy cigarette for you to smoke.

Many men who carefully watch their health discovered this years ago. They know that Luckies steady their nerves and do not slow up their physical vigor—prominent athletes have gone on record that this is so. They know that 20,679 physicians have stated that Luckies are less irritating to the throat than other cigarettes.

A reasonable proportion of sugar in the diet is recommended, but the authorities are overwhelming that too many fattening sweets are harmful and that too many such are eaten by the American people. So, for moderation's sake we say:—

"REACH FOR A LUCKY INSTEAD OF A SWEET."

### Disabled Policeman Claims Bribe Given

Cleveland, Jan. 22.—City Councilman Thomas W. Fleming early today denied the charges of Walter Oehme, disabled city detective, who says he paid the councilman \$200 to assist in persuading council to compensate him for his injuries.

Oehme was injured about four years ago in a fight with a drug addict. He has since been voted money for medical bills and a pension by the city. It was after Fleming had refused to ask that his pension be increased that he decided to reveal to Prosecutor Miller that he formally paid Fleming a fee, Oehme said.

Fleming flatly denied the charge, declaring "I never received one cent from Walter Oehme for anything I did for him in getting his medical bills and hospital bills for his sickness."

## STATE EXPENSE BILL IS SIGNED

### Governor Affixes Name To First Document Of Kind

Columbus, Jan. 22.—The Kummer will appropriate \$22,790,526.85 for state governmental expenses during the first half of this year became effective as law shortly before noon today when Gov. Myers Y. Cooper attached his approving signature.

The measure, which passed the senate and house last week, was signed by Lieut. Gov. John T. Brown and Speaker O. C. Gray last night.

The senate finance committee this forenoon recommended passage of the Kummer emergency bill providing for the appropriation of \$6,000,000 for constructing and reconstructing market and inter-county highways and abolishing railway grade crossings during the first half of this year.

The senate highways and automotive committee today killed the bill, by Sen. George H. Bender, Cleveland, which sought to reduce the state auto license fees for pleasure cars to \$1 and for trucks to \$5.

In signing the big appropriation measure, the governor used a fountain pen presented to him by a nephew, Myers Cooper Kinney, 15, of Attorney Frank Kinney, Cincinnati. This was the first bill signed by Ohio's new governor.

### DRY RANKS

(Continued from Page 1)

Crawford, secretary of the board of temperance and social service of the Methodist Episcopal Church, south. They said unless he approved the appropriation the nation would feel he wasn't "eager" to enforce the law.

Before Mellon had a chance to answer, the Methodist Episcopal (north) board of temperance, prohibition and public morals issued a statement upholding the views of the treasury chief.

An equally sharp division was revealed among the officialdom of the Anti-Saloon League. The result is that a fight already is brewing to oust some of the present leaders.

Scott McBride, who assumed the mantle of the late Wayne B. Wheeler as general legislative manager of the league, declared in a statement that he opposed the extra money until such time as the treasury had a definite need and use for it. Thus his views were in direct opposition to those expressed by bishop Nicholson.

What the outcome of the split will be is conjectural. It may result in a realignment of the dry ranks; it may lead to a new leadership. But whatever the outcome, this much was certain today—the spirited controversy among the chief spokesmen for the prohibitionists has created a row the like of which has not been witnessed in the dry ranks for years.

Johnson, Mahoning county, providing for a joint legislative committee to investigate fire hazard conditions at the Hartman Hotel building here where records of the state industrial, highway and public works departments are kept. The committee may be named today.

The senate referred to the senate finance committee the emergency bill, by Sen. L. L. Marshall, Cleveland, providing appropriations for the feeble-minded state institution to be built at Apple Creek, Wayne county.

**Driver's Fee**  
Provision for collecting a 25-cent state license fee from each auto driver in Ohio is contained in a bill introduced by Rep. H. E. C. Rowe, Holmes county. This revenue, it was claimed, will provide about \$1,000,000 annually for highway construction and maintenance. Members of the Ohio Automobile association, the Ohio State Grange, the Ohio Federation of Labor, the Ohio chamber of commerce and the Ohio Farm Bureau federation are said to have endorsed this bill.

Sen. Maude C. Waltz, Cleveland, introduced a bill providing for resident physicians at the Girls' Industrial school, Delaware.

Other new bills include: By Rep. H. R. Sanborn, Cleveland, requiring new banks seeking incorporation to have a surplus of 20 per cent; and authorizing state banks to have shares of stock with a par value less than \$100.

By Sen. G. M. Kummer, Lewisburg, authorizing use of voting machines if approved by local subdivisions; providing permanent registration of voters in cities with a

population of more than 5,000 persons.

By Rep. L. J. Abele, Cleveland exempting newspaper men from jury service.

**Loan Companies**  
By Rep. S. E. Laybourne, Springfield, reducing fees charged by small industrial loan companies from 3 per cent to 1 1/2 per cent monthly.

By Rep. A. C. Woods, Perry county, increasing the maximum death award under the Ohio workmen's compensation act to \$7,500 from \$6,500, raising the maximum weekly award from \$18.75 to \$20.75, and decreasing that payment of compensation shall date from the time of the injury.

By Sen. E. H. Hughes, Zanesville, eliminating duplication of the state corporation franchise tax by holding companies.

**Ohio Prisoners ESCAPE GUARDS**

One Is Captured After Chase; Other Is At Large

Columbus, O., Jan. 22.—One convict was being held in solitary confinement at the Ohio State penitentiary here today and another was the object of a statewide police hunt following a successful break for liberty late yesterday afternoon as the men were working in the prison stone quarry, near here.

Edward Montgomery, 24, and Ernest Finisee, 40, made the dash for freedom just as the day guards were being relieved and the night guards being placed. They succeeded in getting through the quarry gate.

An alarm was spread and Montgomery was captured in a freight car shortly afterwards. Finisee eluded officers, however, and is still at liberty. He is believed to have fled toward Springfield, Ohio.

Montgomery was placed in solitary confinement. He is from Summit county and was sentenced to the penal institution for a term of from three to five years on a burglary charge. Finisee is from Hamilton county and was serving an eight-to-twenty-year term for manslaughter.

Gleamy White Teeth and a Sweet Breath

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

Try Phillips' Dental Magnesia Tooth paste just once and see for yourself how white your teeth become. Write for a free ten-day tube. Address the Phillips Co., 117 Hudson St., New York, N. Y. Adv.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids, 25c and 50c a bottle—any drugstore.

Many people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Please do that—for your own sake—now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids, 25c and 50c a bottle—any drugstore.

### COPPERS LEAD STOCK ADVANCE

Call Loan Rate at Six Per Cent During Morning

New York, Jan. 22.—The copper stocks head the center of the stage in a moderate advance of prices this morning. Higher earnings for 1929 on 17-cent copper, with a fair prospect of the red metal going to 19 cents a pound by the middle of the year, furnished the principal driving power behind the copper shares. Anaconda as usual leading the list, with a new advance to 129.

There was a good accumulation of over-night buying orders as the result of which several 10,000-share blocks passed through the market at the opening. Prices were mostly higher, though there was an "air pocket" into which a few of the favorites fell for a point or two because of the lack of buying demand at prices near Monday's close. After the brisk opening the market slowed down somewhat and speculative interest centered around a few of the speculative favorites.

The money rate in the call loan market was 6 per cent, but it was possible to borrow at 5 per cent in the outside market. This was of great advantage to the bulls, though whether the "easy money" continues is not so clearly established. Business and trade reports were mostly favorable, though prices cutting in gasoline and refined oil was reported in some sections of the country, mostly in the eastern consuming centers.

#### MARKET OPENING

New York, Jan. 22.—Higher prices were quoted at the opening today for the active steel, copper and motor stock. St. Joseph Lead was an exception, the stock declining 2 1/2 to 29 on the first sale of 2,000 shares. U. S. Steel sold up a point at 184; Bethlehem Steel up 1/2 at 83 1/2; Andes Copper up 1/2 at 51 1/2; Kennecott up 1/2 at 158; American Can up 1/2 at 114 1/2; New York Central up 1/2 at 193 1/2; Packard Motor up 1/2 at 142 1/2; Studebaker up 1/2 at 93 1/2; Chrysler up 1/2 at 118.

## In Playhouses Of Salem

**"WOMAN FROM MOSCOW"**  
Pola Negri's best picture since she came to America. Fresh from her sensational triumph in "Passion."

"That was the verdict last night on 'The Woman from Moscow' from those who attended the premiere showing of the film at the State theater."

The story has a sophisticated European flavor, telling of a Russian princess who goes to Paris to trap the murderer of her fiancé, only to meet him as a stranger and fall in love with him. Paramount very plainly did not stint in transferring the story to the screen. Miss Negri's sumptuous gowns alone are modes that every woman will envy.

The picture has been given a rich setting, both in the Russian and in the Parisian episodes.

The score for the musical synchronization was prepared under the direction of Adolphe Dumont. The theme song, "Waltz Patnetique" is a beautiful melody, lending itself to the tragic nature of the story. Domenico Savino, Max Bergunker, and Karl Hajos collaborated in preparing the score, which consists mainly of original compositions.

**"A SHIP COMES IN"**  
Drama, comedy, appeal, action, pathos, plot, suspense, thrill—these are the elements that distinguish the latest DeMille Studio production for Pathe, "A Ship Comes In," as the finest production of the week at the Grand.

The story has human interest from start to finish. Every picture fan will relish Peter Piccini's sublime patriotism, his trust in and love for his adopted country, and confronted with a new life only to taste deepest sorrow. Here is a story so constructed that each

## WEIGH WHAT YOU DESIRE

If you over-weigh, the cause may not lie in over-eating or under-exercise. It may lie in a fault in nutrition which modern research has discovered. And which science now corrects.

The method is embodied in Marmola prescription tablets. People have used them for 20 years—millions of boxes of them. And many of the people you envy—with slender figures, new vivacity and health—will urge you to adopt this way.

The use of Marmola does not require abnormal exercise or diet. In every box you will find the formula, also the reasons for results. You will know just why your weight comes down and why every effect is helpful. Learn the facts, and do it now. Do so by asking your druggist today for a \$1 box of Marmola.

### The Apple Lends Itself to a Variety of Wholesome Dishes

There is no other fruit that serves so many uses. Healthful, fairly reasonable in price, of several kinds suitable for the different seasons, the apple is available almost the year around. For eating raw, baked, fried, steamed, in cakes, puddings, fritters and combined with other fruit dishes and in candy. Could more be expected of a single fruit. Every family should make more use of it than they do, of the apple. The following suggestions may help them to vary its service.

#### Cooked Apple Salad

Pare, quarter and core six firm tart apples. Slice a few pieces at a time into a light syrup made of a cupful of sugar and three-quarters of a cupful of water, soach until the apple is just tender, then lift with a skimmer and drain as it cools. When cold serve four pieces on crisp lettuce leaves with four small cream cheese rolls, well seasoned with pepper, salt, a little chopped celery leaves, and a few chopped chives. Mask with mayonnaise made without mustard.

#### Deep-Dish Apple Pie

Line a deep pie plate with good short crust. Fill with thinly sliced tart apples that have been very carefully cored. Spread with canned grated pineapple, dot with little lumps of butter, sprinkle with a tablespoonful of sugar, add a quarter cupful of maple syrup in which a tablespoonful of flour has been rubbed smooth. Sprinkle with a little nutmeg, put on the top crust having vents in it and bake around 40 minutes in a medium oven. A small paper cornucopia placed in the top will keep the pie from running out in the oven.

### Applesauce Shortcake

This is a delightful cold-day dessert and should be served as soon as made. Pare, quarter, core, carefully, then slice thinly, 18 or 20 tart apples. Place in a large saucepan, add two tumblers of hot water and cook 15 minutes frequently and when well cooked add a half cupful of honey and a cupful of sugar. Rub through a sieve so that the sauce is very smooth and set aside to cool. Make the usual biscuit dough, shortcake, when baked split and butter well, fill with the sauce, add the top crust and butter nicely then cover with the sauce. Serve whipped cream with the shortcake, but do not put it on until serving. No spices are added as the honey adds a peculiarly nice flavor of its own, though a very small quantity of cinnamon may be used if desired.

#### Poached Apples

Pare and core six tart medium-sized apples. Have ready a syrup made of a cupful of water and a cupful and a half of sugar. Poach the apples a few at a time, until tender when pierced with a straw. Lift with a skimmer, drain and cool. When all are done chill them. When ready to serve, place the apples in a glass dish and fill them with a mixture of chopped nuts, marmos, preserved chestnuts, a few macaroni crumbs and a few chopped seeded raisins. A little vanilla or sherry jelly may be added. When the apples are stuffed cap them with whipped cream. Or a butterscotch sauce is sometimes used and the cream added afterwards. This makes a rich dish not to be used on the nursery table.

#### The Useful Winter Squash

The winter squash may be an old-fashioned vegetable yet it is a very useful one and may be economically used in a number of ways. The dark green Hubbard squash is best, the heavier it is the better the quality. It is very hard and must be cut with a strong chisel knife and a hammer or a mallet. Many people

boil it in the skin until done then scoop it out and prepare it in the way liked. It can be peeled, however, if cut into small pieces which saves hot handling to remove it from the shell when cooked the other way without peeling. It may be boiled until tender then put into the oven and finished by baking. Serve, seasoned, in the shell. To do this the pieces should be cut an even size, allowing just a good portion.

#### Escalloped Squash

Boil the squash until tender then remove from the shells and wash. Season with a generous lump of butter, pepper, salt, two tablespoonfuls of sugar, a beaten egg and a half cupful of crumbs. Put a layer in a buttered baking dish, dust with grated cheese and a very few crumbs, add another layer of squash, then season and continue until all the squash is used. Add a half-cupful of heavy cream, crumbs and the cheese. Bake for 20 minutes in a medium oven.

#### Squash Pie

Boil, mash and allow two cupfuls of the squash for each pie. Add two cupfuls of the squash, a heaping tablespoonful of salt, a quarter cupful of molasses in which a heaping teaspoonful of flour and a teaspoonful of ginger has been stirred smooth with a tablespoonful of baking powder. Beat until blended then add a half cupful of cream and a half cupful of milk. Turn into the custained pie plates and bake about 40 minutes in a medium oven. Serve squares of sharp American cheese with the pie. A teaspoonful of vanilla may be added if liked.

#### Squash Fritters

Make the usual fritter batter of

one and a half level teaspoonfuls of baking flour, a saltspoonful of salt, two tablespoonfuls level, of cornstarch, four level tablespoonfuls of sugar, all mixed with a cupful of flour. Add the beaten yolk of one egg, a quarter cupful of milk then add a tablespoonful of melted butter. Beat all well then fold in the beaten white of the egg. Have ready a cupful of boiled, mashed and seasoned squash and stir it in. Drop by the large spoonful into hot fat and fry a delicate brown. Drain and serve with butter and honey or maple syrup.

#### Squash Purée

Boil, mash squash to make 2 cupfuls. Season with butter, a little sugar, salt, celery salt, juice of an onion, pepper, and gradually add a quart of hot milk. Put all through a puree sieve, then return to the saucepan and reheat, adding a level tablespoonful of cornstarch that has been dissolved in a tablespoonful of cream. Stir as the puree thickens slightly. Serve croutons with the puree which makes an excellent soup for a cold day dinner.

#### Squash Muffins

Mix together a cupful and a half of flour, a level tablespoonful of sugar, three quarters of a teaspoonful of salt, four teaspoonfuls of baking powder, and work in two heaping tablespoonfuls of melted shortening. Add a beaten egg, three quarters of a cupful of milk, and a cupful of the boiled, mashed and prepared squash. Beat all together and turn into well buttered muffin pans. Bake for about 20 minutes. This recipe will make 18 or 20 muffins, depending on the size muffin pans used.

**LEETONIA**  
Scoutmaster W. S. Mellinger and Assistant Scoutmaster J. S. Hall were in charge of an interesting meeting of Boy Scouts, Troop 13, held Friday evening in St. Paul's Lutheran chapel, at which time Junior Assistant Robert Miller was in charge of the program.  
The meeting opened at 6:45, with the regular exercises. Scout oath, laws and pledge were repeated and the business conducted. The patrol meetings were held and it was found that the standing of the patrols were: Flying Eagle, 157; Panther, 155; Beaver, 87, in the contest. A group of songs led by Assistant Scoutmaster Hall, were then sung.  
The bird for discussion was the white breasted nuthatch, and as not one of the scouts had gotten a glimpse of this shy bird during the week, there was no talk given on it. Some of the scouts reported having built bird houses and bird feeders during the week. At this meeting there was but one absentee. Games were enjoyed and a story was told by Scoutmaster Mellinger.  
S. V. Brinker, a member of the troop committee was a guest at the meeting which closed with taps.  
Dr. C. C. McCandless of Salem was a Leetonia visitor on Sunday. Dr. McCandless has recently been made state veterinarian, receiving the appointment under Gov. Myron Y. Cooper, by Perry L. Green, director of agriculture in Cooper's cabinet.

## RAILROAD MAN CALLS KONJOLA 90 H. P. REMEDY

"Gave Me Most Wonderful Relief—Have My Old Time Health and Strength Again."

MR. C. L. BRYANT

Remarkable indeed, are many of the endorsements that come from delighted men and women who have found in Konjola the one and only remedy that brought relief long sought in vain.  
One of the unusual experiences is that of Mr. C. L. Bryant, Elberon Avenue, Cincinnati, an employee for many years of the Big Four Railroad. Mr. Bryant, delighted and amazed over this new medicine, says:  
"Konjola certainly proved a ninety horse-power remedy in my case. A year ago I started to suffer from severe pains in my back, limbs and arches of my feet. I was scarcely able to attend to my work, and all that I tried helped me not a bit. Fellow trainmen, who knew of the wonders of Konjola, advised me to try this new compound. Two bottles showed me that I was on the right track and with all the signs set for the trip to health. Five bottles banished every pain and ache, and in that five weeks I gained 15 pounds, all my old strength was back of the job with all my old time vigor. Konjola went right to the source of my trouble. My liver and kidneys were cleansed and put to work; the poisons were driven from my body, and I threw away the arches that did my feet no good at all. Today I am better than I have been for years, and I owe it all to Konjola."  
Konjola is sold in Salem, O., at J. L. Lease drug stores and by all the best druggists in all towns throughout this entire section.—Adv.

Word was received by friends that Miss Alice Kiernan, a graduate of the Leetonia High school, class of 1927, has been chosen as a member of the debating team of Hiram college. While a resident of Leetonia, Miss Kiernan entertained with her readings.  
Mrs. Forest Ramage was a Youngstown visitor on Saturday.  
Mr. and Mrs. Fred Fieding, Mrs. Clark Marshall and Mrs. Lydia Weaver, were visitors in Columbiana, on Friday. Mrs. Weaver visited her sisters-in-law, the Misses Lydia and Mary Weaver, the latter having fallen recently, injuring her shoulder.  
Edward Holz was a business caller in Youngstown, on Saturday.  
Mr. and Mrs. George Ferguson and son George, Jr., of Warren, were guests Sunday in the home of Mrs. Lydia Weaver, and Rev. H. C. Brillhart.  
Mr. and Mrs. Karl Howell, Mr. and Mrs. Ralph Lundstrom of Youngstown, visited Sunday in the home of their parents, Mr. and Mrs. L. A. Howell.  
Sunday morning as Miss Ella Kuegle was leaving the home of Mrs. Christine Beilhart to go to the home of Prof. and Mrs. J. W. Moore, in some manner fell down the steps and broke her left ankle. She is being cared for at the home of Mrs. Beilhart.  
Mr. and Mrs. Harry Yood of Youngstown, were guests Sunday in the home of Mr. Yood's brother, Carl Fritz and family.

**Parents Happy When Baby Sleeps Soundly**  
Here's a way to soothe crying, wakeful babies to sleep quickly and easily. It's the way doctors endorse and millions of mothers have proved is safe and harmless. A few drops of purely vegetable, pleasant-tasting Fletcher's Castoria, has the most fretful, restless baby or child asleep in a few minutes! And for colic, constipation, colds and upset spells, there's nothing like Castoria. The Charles H. Fletcher signature is the mark of genuine Castoria. Avoid imitations and be safe.

## FLIGHT AROUND WORLD POSSIBLE

Army and Navy Chiefs  
Sure Venture Could  
Be Made

Washington, Jan. 22.—A non-stop flight around the world is feasible, but a large amount of money and considerable preparation will be necessary before it can be carried out.

This was the consensus of opinion of army and navy aviation chiefs today, in commenting on the \$50,000 prize offered by the Denver Evening Post for such a flight. The Post's offer contemplates that the flight shall start and end in Denver.

Rear Admiral William A. Moffett, chief of naval aviation, expressed the viewpoint of air officials on the flight. He said:

"The remarkable accomplishment of the army's Question Mark has demonstrated that extended flights are possible by means of refueling in the air. A flight around the world is a worthy objective as it would provide incentive for engine and aircraft manufacturers, and should result in further improvement of material in general.

"A flight such as this, however, would entail a tremendous amount of preparation and expenditure of money, as many planes and numerous bases would be required.

"The Denver Post is to be congratulated on its endeavor to further aviation by offering a prize of \$50,000 for a non-stop flight around the world."

## Secret Kept

Los Angeles, Jan. 22.—The theory that a woman can not keep a secret was given another setback here today when it was learned that Vera Reynolds, screen actress, has been married to Robert Ellis, stage and screen actor, for the past three years. They were married in Paris, May, 1926. The marriage was kept a secret because Miss Reynolds had a contract with a non-marriage clause in it.

## Methodists Defeat Kiwanians, 23-16 In Church League Clash

### First Quarter Spells Defeat For Kiwanians In Rough Cage Battle

First Methodists continued their march to the city church league title, Monday night, defeating the Kiwanis club, 23-16, in the roughest game played at Memorial gym this season. It was the fourth straight win for the Methodists, and the third reverse in four starts for the Kiwanians. Trinity Lutherans climbed to second place in the church circuit, defeating St. Paul's Catholic church outfit, in the second game played last night, by a 29-15 score.

The Methodists stepped into an early lead over the clubmen, tossing in 15 points in the first quarter, and held a 21-12 lead at the half. The Kiwanians started a great comeback in the final three periods, playing the churchmen to an even game, in the second, and held the edge in the last half, but were unable to overcome the lead piled up against them in the first quarter.

The Lutherans had an easy time of it against the Catholics, who previously held undisputed possession of second place in the loop. The St. Paul's quintet was unable to hit the hoop successfully, missing a horde of easy potshots, while the Lutherans made every opportunity pay.

#### Close Guarding

The Kiwanis team braced in the second quarter, and held the Methodists to six points, at the same time tossing in six points itself. The third period was featured by close defensive play of both aggregations, the Kiwanians caging the only bucket scores, a field goal by Roesler.

The final quarter was almost a duplication of the third, neither team getting away for many shots. The Methodists scored two points via the charity stripe, while Hyde tossed in a field bucket, for his team's only score of the period.

Hyde was the outstanding performer of the game, collecting a total of 10 points, to lead the scoring. Springer was the mainstay of the church aggregation on floor play, McCorkhill leading the Methodists in point-making, by caging four fielders and a foul. Roesler played a fine defensive game for the Kiwanians.

#### Catholics Outclassed

Lutherans held St. Paul's scoreless in the first period of the nightcap, and led at the end of the period by a 4-0 count. In the second period, Wilms, Trinity center, opened up, snagging three field goals, and the Lutherans advanced to an eight-point lead at the end of the half, which ended, 16-5.

Catholic guards were unable to stop the Lutherans' offensive attack in the final period, and the Trinity forwards rolled in point after point, to hold a 23-8 lead at the end of the third quarter. A new five was inserted into action in the final period after the game, was clinched for the Lutherans, and St. Paul's succeeded in adding seven points to its total.

### Yanks Pin Hopes on These Vets

Old age hasn't yet garnered Pennock, Hoyt and Zachary to his ample bosom, but he's drawing nigh despite the optimism of Miller Huggins, Yankee manager. ### Babe Ruth Has Watched His Finances; Is Now Rich

BY DAVIS J. WALSH

New York, Jan. 22.—Babe Ruth, once the big clay pigeon man for the great American sharpshooter, is such a sap with his money nowadays that, if he survives another five years of real stardom, he will quit baseball with a million dollars.

It was declared today by the boy friend's intimates. The latter also stood as authority for a statement that Ruth hadn't spent a dollar of his \$70,000 baseball salary for the two years the contract has run and

that his bank account, tied up in a trust fund, amounts to not less than \$245,000. Before they got through, they gave me the unfortunate impression that the young man has been spending only a lot of his time.

But it seemed that I was wrong again with my customary brilliance. It was declared that he was paying \$100,000 a year for the right to live and still had enough residue to send his \$70,000 baseball salary along to the head keeper without a second look. Baseball, it appears, has

become only one source of revenue among many.

The so-called testimonial racket, I am told, pays almost as well and the hours are shorter. Barnstorming, pictures and vaudeville, newspaper articles and Wall street also have contributed with sufficient generosity to leave this gentleman eking out an existence from a yearly income of about \$200,000, according to my trusted advisers.

Yes, the young man has had his fling in the street and has made it pay him. Maybe it hasn't paid much but, if they have to pay at all down there, you are a big winner.

That stuff, of course, is hit or miss. The rest of it is hit and score, standing up. There are no blanks for Ruth in the barnstorming thing.

Time of Quarters—Six minutes.

He simply goes out there in uniform every day for 30 days after the close of the world series and they lay \$1,500 on the line for him every 24 hours. You don't miss that way because you can't.

His newspaper income also is fixed and assured, thus adding a probable \$25,000 to the annual harvest. Twenty weeks of vaudeville at the end of the 1927 season is said to have been worth \$100,000 more and his picture venture in 1925 was good for plenty and I mean enough. Add to this the income derived from the fact that he simply can't get along without a number of standard articles and one finds quite a lot of wages waiting at the pay off window.

They weren't enough in the old days when Ruth left his money on the door step with the milk bottles. These days are no more. He still has to be something of a chump with money in order to make the play look good but he isn't chump enough to blow everything with the finish of the good thing not far away. In fact, he isn't a chump at all and is \$245,000 saying as much at the customary rate of interest.

### Ohio Lad Talks Much, But Seems To Carry Reason For Gabfest

BY DAVIS J. WALSH

New York, Jan. 22.—Being a bright, very alert youth, full of enterprise and strength of character, the writer went forth to the gymnasium yesterday to see K. O. Christner in the flesh and stayed to listen to him in a daze. It was gathered, when the harangue was engaged, that one of two things will be left after K. O.'s fight with Sharkey on Friday night, namely, New York by an early train and Jack Sharkey on the floor. As an audible fighter, Christner is the most dangerous man we have had around here since the days when Sharkey himself was in good tongue.

The funny thing about this is that Christner makes you disposed to take him somewhat seriously, both by what he does in the training ring and by what he says out of it. He says he is going to tip Sharkey over as he tipped Knute Hansen and there are plenty of sharpshooters in town who give him a good chance to do it. As for K. O. and his manager, Tom Lennon, they don't think this is a chance at all; they really believe the matter is settled.

Usually a manager and his fighter are good for a laugh when they start putting on an act like that but, somehow, you are impressed in spite of yourself by this pair. They are so earnest, so convinced that what they say will happen, simply must happen. If the man was a mug in the ring, you could listen to him and then turn your attention to something important. But I wouldn't care to say that the man I saw in there yesterday was a mug. He looked the part of a crude fighter but a good one.

For one thing, he seems to be a crowding fighter who at the same time keeps his jaw protected. There are not too many of that kind. For another thing, he seems to be a right fair two handed puncher, whereas we had been led to believe that he was right hand crazy. A man like that would have his troubles tagging Sharkey. But if he crowds the boy friend, punching industriously, as he did yesterday, there is going to be a prize fight on Friday night.

Christner throws a lot of punches from the third row, balcony, and I don't think these will do him any great good. Sharkey weaves away from that kind. He won't weave

## Better Roads Problems Will Confront Commissioners

Lisbon, Jan. 22.—Although the Ohio Good Roads Federation has suggested the expenditure of \$2,811,000 for improved highway construction in Columbiana county during the next six years, no program has been outlined by the county commissioners looking forward to that extensive proposal. This suggestion would mean the expenditure of approximately \$470,000 annually over the six year term. Three years ago the voters of the county approved road bond issue of \$950,000, and the last of these bonds will not be issued until this year. Coupled with federal and state aid funds, about \$2,000,000 has been spent in this county for highway construction during the last few years, but so far as the county bond issue is concerned, the latter has been the small end of the cost of the current road building program.

Highways that are to be graded

and surfaced this year will finish the program as outlined before the \$950,000 county bond issue was approved. It has been the policy of the commissioners not to issue any bonds until after a contract has been awarded, for by this plan the county has been saved a large annual interest charge.

It will be some weeks before the commissioners announce approval of the 1929 road construction program. Two surfacing contracts were awarded last year, these being for the surfacing of the East Palestine-East Liverpool highway in St. Clair township and the Elkton-Clarkson rd, the latter having been recently awarded George Patterson of Wells-ville. Both of these projects were authorized under the \$950,000 bond issue. Grading and surfacing of the Summitville-Kensington rd. will be given final consideration by the commissioners. It is believed, within the next few weeks.

### COURT NEWS

#### Divorce Petitions Filed In County

Gertrude E. Orr, in a petition for divorce filed in common pleas court by her counsel, Charles Boyd, against her husband, Jason Orr declares that she was ordered out of the home at night by her husband, this being the ground of her charge of extreme cruelty. Mrs. Orr also said that her husband has accused her of acts of infidelity and that she was ordered to leave the home Jan. 15.

The couple were married at East Liverpool Dec. 21, last. The petition shows that the defendant is the owner of property in St. Clair township.

As long as John Calhoun continues to live with his wife, Phoebe Calhoun, although the latter has filed a petition for divorce in common pleas court, Judge W. F. Jones has ordered that Calhoun pay the reasonable grocery bill for the family, and that he continue to pay such bills should he voluntarily leave the home.

This ruling was made following a hearing on the motion for temporary alimony. The divorce petition was filed Nov. 2 last. The couple reside at East Liverpool, and Calhoun continues to remain at home.

#### Mike Kohn To Face Charges of Robbery

Lisbon, Jan. 22.—Mike Kohn, residing near New Alexandria on the East Rochester-North Georgetown road has been charged before Justice of the Peace M. K. Zimmerman at Lisbon by Mary E. Somers of North Georgetown with breaking and entering her store the night of Jan. 12 and stealing a quantity of

upon the alleged loss of \$1,200 on a property deal.

#### Case Settled

There has been a settlement at the costs of the defendant in the suit of Florence Poppel of Salem against B. F. Rollins, with no further record. This was an appeal action carried from a lower court at Lisbon.

A former entry of default judgment entered in the case of Herbert Andress against Earl Spaulding, constable of Unity township has been vacated, and the defendant has been given leave to plead by Jan. 26. The case is an action in replevin, growing out of a suit entered in a lower court, and wherein the plaintiff now seeks to contain property held by the officer of the lower court in a civil suit. A tract of 58.82 acres in section 26 West township was sold by Deputy Sheriff James F. Elliot at the court house Friday afternoon for \$1,625 in the suit of Walter Boling and others against Charles C. Dusch and others.

#### Names Attorney

Because he has no property or other financial means, the court has appointed Atty. Cecil K. Scott of Salem to defend Ray Smith, indicted by the January grand jury for uttering and publishing a forged instrument. Smith is accused of forging a check for \$6.75, and when arraigned entered a plea of not guilty. His bond was set at \$500 for trial.

#### Judgment

In the foreclosure action filed by the Peoples Savings & Loan Co., against Charles M. Wright and others, judgment for \$3,048.81 and costs has been entered in favor of the plaintiff. In the same case judgment for \$1,624.89 and costs has been entered in favor of Destaleins has been determined by the court, and a decree foreclosing the Brennenman, as guardian, Priority of mortgage and an order of sale has been entered.

#### Sale Confirmed

The Scott Lumber company of Wellsville, bid in lot 128, in Clark

& Michaels' addition, Wellsville, when offered for sale by Deputy Sheriff James F. Elliot at the court house Friday afternoon in the foreclosure action filed by the Peoples Savings & Loan Co. against James Uhl and others. The property sold for \$4,500. The court has confirmed the sale, has ordered a deed and entered a decree of distribution.

After a sale was confirmed there has been an order of partial distribution in the case of the same plaintiff against Antonio Creature and others. This was an action in foreclosure.

#### Will Cause of Action

Because executors of the estate of the late James G. Cowan of East Liverpool, have disallowed a claim of \$5,250 presented by Alva Mae Bevan, she has filed an action against Arthur Bloor of 1018 Ambrose ave., East Liverpool and Elmer Wolf of St. Clair township.

The plaintiff has set up that she nursed and cared for Cowan for 75 weeks prior to his death and that

## Introducing Big Car Standards of Luxury, Style and Performance at \$745

## WHO MAKES YOUR FIRE INSURANCE RATE?

Trained experts compute it; but property owners—individually and collectively—create the conditions which determine the cost of their fire insurance.

Several major factors enter into the determination of fire insurance rates, such as structure, occupancy, the quality of private and public fire protection, exposure from other property, general loss experience.

The agent who writes your insurance—or your broker—or you, yourself—can obtain an itemized explanation of how your insurance rate is computed. There is nothing secret about it.

The Stock Fire Insurance Companies solicit your interest, and offer free of charge the advice of rate-making bureaus to assist in eliminating hazards or correcting defects which may result in lowering your rate.

Do not attempt unsound fire prevention measures, but seek the advice of the accredited experts of rating bureaus who are anxious to

tell you the proper way to make improvements.

Insurance companies generally prefer risks eligible to a low rate to those which carry higher ones. A low rate indicates better conditions, better maintenance and less chance of fire.

The National Board of Fire Underwriters does not make rates and has nothing to do with rate making. As a bureau of standards it does supply rate makers with units for measuring the comparative strength and usefulness of materials and devices.

In Ohio fire insurance rates are computed by the Ohio Inspection Bureau, with offices at Columbus, Cleveland, Cincinnati, Toledo, Akron, Dayton, Youngstown, Lima, Springfield, Portsmouth and Steubenville.

**T**ODAY a new type of low cost motoring luxury is available. It embraces big car style. It provides big car riding comfort. It embodies big car quality in unseen parts. It includes big car performance even to the point of developing big car power and traveling at big car speed. It is offered by a brand new automobile—the New Pontiac Big Six.

Frankly, the New Pontiac Big Six was designed to appeal to a certain group. True, every motor car owner in America will find in it many things to admire. Two-car families will find it an ideal second car. But the group for which it is primarily intended is made up of people who are beginning to move up in the world. Many of them will soon make the first important step up in the quality of their cars. All are progressive. The New Pontiac Big Six was designed for them.

It comes to them entirely new in appearance. Stunning new bodies by Fisher contribute to the big car beauty and big car style presented by the car as a whole.

Prices, \$745 and up, f. o. b. factory, plus delivery charges. Bumpers and rear fender guards regular equipment at slight extra cost. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

Progressive people are seeking greater luxury. The Pontiac Big Six offers them the luxury, the deep, richly upholstered cushions and the charming appointments for which bodies by Fisher are famous the world over. It provides the smooth-riding qualities of a car 167 inches in overall length, with accurately balanced rotating mechanical parts and such advance comfort features as adjustable drivers' seats.

It is a six, but more than just a six. It is a six with the added power of a larger L-head engine and the added smoothness imparted by a dynamically balanced, counter-weighted crankshaft and the famous Harmonic Balancer. It is a six with the added efficiency and silence achieved by means of the G-M-R cylinder head. It is a six with the added cold-weather advantages provided by the cross-flow radiator, thermostatically controlled.

From fan to rear axle, its "line of drive" is in accurate dynamic balance. Its new brakes are of the internal four-wheel type which neither mud nor rain nor ice can prevent from operating efficiently.

As for its performance, you can drive it at express train speed. You can watch it accelerate alongside the finest cars on the road. You can test its power under any conditions, confident of its ability to pull through. Meanwhile it continues to provide that unmatched dependability for which every Pontiac has been famed.

Only a few highlights in its construction have been mentioned. Just enough to prove that the Pontiac Big Six is entirely new and capable of meeting progressive Americans' demand. But the amazing thing about it is that it gives so much big car luxury, style and performance at prices which come within practically everyone's reach!
